Our Services

Africa Training Centre offers a range of essential training courses designed to equip individuals and businesses with the knowledge and skills needed to operate safely and efficiently in various industries.

Whether it's mastering the operation of heavy machinery, responding to emergencies, or working at heights, our expert-led training programs provide the practical tools necessary for success.

Construction Machinery

At Africa Training Centre, we offer a full range of courses that will allow you to operate any Construction Machinery or Equipment.

Conveying Dangerous Goods by Road

Essential training to ensure safe and compliant transport of hazardous materials on South African roads.

First Aid & Firefighting

Critical life-saving skills for emergency response in the workplace and beyond.

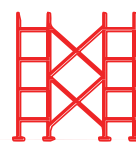

Lifting Machinery

Vital for safe operation and maintenance of heavy machinery to prevent accidents and ensure efficiency.

OHS Act Safety Courses

Key for understanding South Africa's Occupational Health and Safety regulations, safeguarding employees and employers.

Working at Heights & Scaffolding

Essential training to minimise risks and ensure safety when working at elevated levels.

About

Africa Training Centre is a reputable brand in the skills training sector since 1995.

With over 40 years of employee and industrial experience, Africa Training Centre is constantly developing their staff's skills to meet market demands.

Company Overview

Thank you for considering Africa Training Centre (ATC) as your preferred training provider. ATC has been a prominent player in the training services industry, established in 1995. Having served hundreds of major organisations on the African continent, we currently have over 5000 clients on our database. Our business is built on a strong foundation of accreditations with TETA, CETA, DeL, and DOT, which enable us to operate across various industries and to comply with legislation and safety standards.

We are proudly 100% black women-owned and are proud to be a BBBEE level 1 contributor, which can benefit your organisation's employment equity contribution and scorecard. We are compliant with the Skills Development Act for all our training programmes, conducting both theory and practical assessments. Our training is multilingual and can be conducted in most common South African languages: English, isiZulu, Afrikaans, Tshivenda, etc.

At ATC, we continuously develop all staff members to meet market requirements, which has resulted in our seeking extension of scope accreditation with the various SETAs and QCTO.

Vision

To be the country's leading training service provider.

Mission

Our mission is to equip citizens with the skill to become productive, empowered, and nationally recognised.

Our Accreditation

The basis of our business stems from the vast accreditation that we possess which have allowed us to be versatile enough to operate in many different industries and gain an abundance of knowledge and experience.

Furthermore, we are a proud BBEE level 1 contributor which is beneficial for your organizations employment equity contribution.

All of our training conducted is orientated on an assessment based approach, whereby we conduct both theory and practical assessments for all courses.

In addition our training is multilingual and can be conducted in 4 South African recognized languages, viz (English, IsiZulu, Afrikaans, Tshivenda).
